

March 31, 2008

To Our Valued Customers,

As reported last week, our parent company, Solidus Networks, Inc. (dba Pay By Touch) ceased operations as a result of its bankruptcy proceedings. Our group, Loyalty Acquisition Sub, LLC, operating as an independent subsidiary of Solidus Networks, was not a part of these proceedings and has continued business as normal throughout this process.

Last week we announced that we will be reverting back to our previous company name, Capture Resource, which we used prior to our acquisition by Solidus Networks in December 2005. Our legal entity will remain named Loyalty Acquisition Sub, LLC but it will do business as Capture Resource. Our Bristol, PA mailing address and phone numbers will remain unchanged. You will note that we have new Capture Resource email addresses which are already in place and operational.

In addition, five large institutional investors in Solidus Networks have formed a new company, YT Acquisition Corp., which acquired certain assets of Solidus Networks. Our company is now a wholly owned subsidiary of YT Acquisition Corp, and we are no longer affiliated with Solidus Networks. YT Acquisition Corp. has been funded by the five institutional investors, who include affiliates of Och-Ziff Capital Management Group, LLC, Farallon Capital Management, L.L.C., Plainfield Asset Management, LLC, Highbridge Capital Management LLC and The Getty Trust. YT Acquisition Corp. is committed to our business, products, and future growth.

As Capture Resource once again, we now begin a new era. Our team of employees is invigorated and will continue to provide our customary level of high quality products and services to both our existing and new clients and prospects. I am available, as well as senior management from our new owners, to discuss any of this information with you directly. Please do not hesitate to call if we can be of any assistance or answer any questions.

Best Regards,

Jeff Grider  
President & CEO
